

COMMUNITY MEETING: 10

Date: 27th January, 2018

Time: 3:00 pm

Place: Golachipa

Participant=40

Subject: Understanding innovation on maternal and child health care

Agenda:

- Introduction of community to DEPP Lab BD
- Maternal and child health emergency
- Understanding of innovation regarding health
- Community need assessment
- Share ideas to improve maternal and child health

Description:

- The DEPP Lab Bd. team conducted community meeting with about 40 Participants with Golachipa Community on 27th January, 2018. The DEPP Lab team tried to make understand to the community about the innovation they are doing inherently but they are not aware of it. Community Medical Expert Dr. Omar Sharif has given proper advice about maternal and child health care including ANC, Safe delivery, PNC and neonatal care and tried to understand about their problems they are facing and community need assessment. The DEPP Lab Bd. Team also tried to develop ideas from community to improve maternal and child health care.
