

LOCAL WORKSHOP
ON
Understanding of the selection process and different ideas in innovations

Date: 26th February 2018

Time: 11:00am

Place: Korail DEPP Lab Café

Participant=25

Subject: Understanding of the selection process and different ideas in innovations

Major Objectives:

- Introduction of short listed Innovators with DEPP Lab BD TEAM and among innovators
- Help to fill up second round form
- Help to prepare a short presentation for Peer workshop
- Understanding of the selection process
- Discussion about community acceptance
- Different innovations in built environment, health risk, communication and social enterprise.

Methodology:

- Introduction among each other
- Sharing of workshop materials for the participants (DEPP Lab BD and Innovators)
- Presentation on primarily selected proposals
- Question and Answer
- Facilitate to 2nd round form fill up and helps to make short presentation
- Presentation on selection process
- Develop action plan

Participants:

- 25 participants including shortlisted innovators and partners from selected communities and DEPP Lab Bangladesh team.

Workshop Summary:

The workshop explains the selection process to shortlisted innovators so they understand the process and expectation from the Lab including community participation in selection process. Lab also has facilitated innovators for 2nd round form fillup and makes them prepare for next Peer workshop. They have a chance to understand the variety of innovative ideas based the 4 focus areas.

Outcome:

Good understanding among each other and next action plan.
